

TUESDAY NIGHT BINGO AT THE CCC

JUNE 2012 NEWSLETTER

June 19, 2012

\$1,199 Lucky 7 Jackpot will be won on July 3, 2012

Unless someone wins the Lucky 7 Progressive Jackpot before then, it will be won at our July 3, 2012 session. When we play the Lucky 7 game (#13) it will be just a bit different. A bingo of any three Sevens horizontally, vertically or diagonally will win. Three scattered Sevens WILL NOT win. Be sure to come play on July 3rd!

Cherry Bells are Extremely Popular!

We've only had Cherry Bells since the end of April and they continue to be a very popular game with our players

Players like the Early Bird 50-50

At our 6/12/2012 session, the Early Bird 50/50 paid \$73.50. Of course, the payout varies from week to week depending on how many of the \$1 50/50 sheets are purchased. It makes this 6:15p.m. Early Bird game just a bit more fun and we've often heard the players cheer when the payout is announced. It's just another thing we've done to try to make the evening a bit more entertaining for you.

Reward Cards Now in Play

When we first implemented the Reward Cards, there was a small issue with the software reading the magnetic stripe on the back of the card. This required the cashier to perform an extra step before the card could be read. Our equipment supplier's software engineers have addressed the problem and it is now fully resolved. We've issued more than 130 cards and have more completed forms to process. Thanks for your patience while we add this great feature to our game. The more you come play at Tuesday Night Bingo at the CCC, the more points you'll earn. We'll soon add the ability for you to get rewards point for flash purchases. 1,500 points can be redeemed for \$15 buy-in credit!

Bingo Birthday Party Change

Part of the Bingo Birthday Party program is that the birthday person needs to bring at least three guests to play bingo at their party. Then, the birthday person receives a \$20 discount on their buy-in. The purpose of this program is to encourage people to bring players to our bingo sessions who would not normally be there. This would typically be their family or friends. We've had too many instances where the party reservation is made for the qualifying number of people, but they haven't actually appeared at the bingo session.

Effective 6/12/2012, the birthday person will pay the full amount for their buy-in when they check-in. After the regular games start at 6:30pm, one of the bingo staff will confirm that there are at least three guests with the birthday person and give the birthday person their \$20 discount in cash. If the total party does not meet the minimum of the birthday person and three guests, the birthday person will not receive the discount....but they can enjoy the cake! To make a reservation for your Bingo Birthday Party, call the Centennial Recreation Senior Center, 782-1284.

Your Bingo Buddies

There are five teams of volunteers who spend between 5 and 6 hours on Tuesdays at the CCC. Their work and your presence at Tuesday Night Bingo is raising funds for the seniors in our community. Special thanks to every one of our volunteers and to you, our players!
